# SUMMER INTERNSHIP PROGRAM 2026

- **Position:** Finance & AI Innovation Intern (Real Estate Sector)
- **Application Deadline:** 30 April 2026
- **Internship Period:** Mid-June 2026 - End August 2026  
(Full-time, 5 days per week)

## About the Opportunity

Go beyond traditional internship tasks and gain hands-on experience at the intersection of finance, technology, and real estate. At Peterson, we are not just managing assets; we are innovating for the future. This internship is designed for a proactive student eager to contribute to real projects while building a foundational skill set for a modern finance career. You will be integrated into our team, working on core accounting functions, strategic reporting, and pioneering AI applications that shape our financial operations.

# Your Key Projects & Responsibilities

In this role, you will be a valued team member contributing to:

- 01 Core Financial Operations**
  - Assist in preparing the full set of accounts for our corporate entities, gaining end-to-end exposure to the accounting cycle.
  - Support the accounts payable/receivable and month-end closing processes
- 02 Management Reporting & Data Visualization**
  - Collaborate with the team to compile and analyze quarterly management reports.
  - Utilize consolidation systems and Power BI to help transform financial data into clear, actionable insights for leadership.
- 03 AI in Finance – An Innovation Project:**
  - Contribute to a live project: Assist in the design, testing, and implementation phases of AI tools aimed at automating and enhancing our finance functions (e.g., operational workflows, reporting efficiency, treasury analysis).
- 04 Strategic Support**
  - Participate in and provide support for ad-hoc development projects and strategic initiatives as assigned.

## What You Will Gain & Learn

### 01.

#### Mentorship

Direct coaching and feedback from experienced finance professionals.

### 02.

#### Practical Skills

Hands-on experience with accounting software, enterprise reporting systems (e.g., Flex, Power BI), and exposure to the practical application of AI in a corporate setting.

### 03.

#### Industry Insight

A deep understanding of the financial drivers and reporting standards within the dynamic real estate industry.

### 04.

#### Career Development

A clear pathway to understand the qualifications and experience needed for a successful finance career post-graduation.

# Who We Are Looking For

## Essential Qualifications:

- Currently pursuing a Bachelor's degree in Business Administration, Accounting, Finance, or a related field.
- A genuine interest in developing a long-term career in finance/accounting, with a curiosity about the real estate sector.
- Strong analytical and problem-solving skills, with a detail-oriented and organized approach.
- Excellent interpersonal and communication skills; a collaborative team player with a positive, can-do attitude.
- Proactive learner who takes initiative and demonstrates a strong sense of responsibility.
- Proficiency in Microsoft Office (especially Excel).
- Fluency in written and spoken English and Cantonese.
- Must be legally permitted to work in Hong Kong for the internship period.

---

## Preferred Qualifications (A Plus):

- Basic knowledge of or keen interest in Artificial Intelligence, machine learning, or data analytics.
- Familiarity with any data visualization tools (Power BI, Tableau) or accounting software.
- Any prior coursework or project experience related to process automation or technology in business.
